

Universities as catalysts for change

Do programmes really
create capacity
for change & development ?

Universities as catalysts for change

Role of universities
in development in society

Universities as catalysts for change

African universities in

1990

2010

2030

Universities as catalysts for change

Role of international cooperation projects

- a modest but crucial contribution?
- lip service to donor policies?
- things that Northerners fail to understand?

Universities as catalysts for change

Many European programmes:

forms & goals !

Meaning for African universities ?

Is this fragmentation “Ok” ?

What is your message to “Europe”?
